CREATING THE
VICTORIA BECKHAM LOOK

By now everyone is familiar with the hair style worn by Victoria Beckham, aka "Posh Spice". This is a new twist on an old classic style known as an "A-Line Bob". This modified bob has an asymmetrical design tailored to fit the shape of her face. Not everyone can wear that exact cut, but they can wear a customized version just right for them. A senior stylist with Bellagio Spas & Salons illustrates the process for us.

Featured in the photos here is Nazi, a hair designer at Salon Bellagio in the Harvard Place Center in Irvine, along with her model, Mina. Nazi has been a member of the Bellagio team for 12 years and has been in the industry for more than 17 years. She is a well known hair designer and color specialist. Nazi will perform a new twist on the classic cut known as "The Bob".

Our model, Mina, is considered to have a round shaped face, so typically this cut would not be her preferred hairstyle, but the rules have changed. Nazi has chosen to accentuate her cheekbones and lengthen her neckline by incorporating longer, sexier strands of hair around the face. The effect of this design minimizes the round shape of Mina's face. Then Nazi proceeds to incorporate dimensions reminiscent of an asymmetrical bob, giving the appearance of a long layered frontal view...a twist to the rules. The key is in the texturizing.

Highly accurate texturizing techniques such as slicing, with precision scissors, through the front bits is a tricky job. Nazi has to deliver that edgy look of free-flowing

bits in front, while maintaining the solid volume of a classic bob. She then executes some cunning maneuvers with her scissors by cutting into the mid-shaft of selected strands to build support, creating that same needed volume for the back of this modified design. The final result is a style with dimension and natural flow, perfect for Mina's facial shape and bone structure. Add the correct color, highlites and make-up, and our model is ready for a night on the town.

It's comforting to know that Nazi is an expert colorist as well. As with all Bellagio Stylists, she has gone through

extensive, progressive and continual education in all aspects of color. From rich browns to intense reds to bold blonds, or the perfect blend of highlites and lowlites, Bellagio's team of stylists receive ongoing education on color and cutting from Goldwell, Schwarzkopf, Redken, Bumble & bumble, Davines and other premier lines.

Bellagio stylists are trained to listen to your goals for beauty enhancement, provide professional consulting, and deliver the results you desire. We believe that a woman holds great power in her beauty. It is our job to bring that beauty out by finding the perfect blend of hair design and color.
